## KL: A DIVERSE CITY

The capital, Kuala Lumpur (KL) is a diverse area that includes Malay, Chinese, Tamil, and indigenous inhabitants - practicing religions, such as Islam, Buddhism, Hinduism, and Christianity. When I think of KL, the unique blend of cultures and lifestyles is what comes to mind. An urban jungle surrounded by actual rainforests, Kuala Lumpur is home to incredibly diverse scenery.

LOCAL FAVORITES

# MALAYSIAN

Malaysian people are known for their passion for food. This love extends beyond the enjoyment of eating a well-cooked meal. The sharing of a meal with one's friends and family is symbolic of harmony and unity.
